## PIKE COUNTY, PA SOLID WASTE & RECYCLING SURVEY

Pike County is updating its 10-year Municipal Waste Management Plan with the assistance of MSW Consultants. This Plan documents the current waste and recycling activities and programs in Pike County. The Plan also identifies waste management challenges and opportunities to improve waste collection and recycling programs.

We are seeking input from County residents through this survey to guide our waste and recycling planning efforts and priorities over the next 10 years. Individual responses will be kept confidential.

The survey ends July 31<sup>st</sup>. Please take a moment to complete the survey using this web link:

For clarification, these terms are defined:

**Electronics** - Electronic devices including PC's, TV's, laptops, and cell phones.

**Single stream** – Recycling system in which mixed recyclables, including bottles, cans and paper, are collected.

**Bulk Items** - Large items such as furniture and specified residential construction/demolition debris but not including appliances.

**Household Hazardous Waste (HHW)** - Chemicals including paints, cleaners, solvents, oils, batteries and similar products that are corrosive, ignitable or reactive.

**Yard Waste** - Organic material generated by lawn and yard care including brush, shrubs, & tree trimmings.

**Freon** - A common refrigerant in appliances that is typically removed from appliances prior to disposal or recycling.

**Blighted Property** - Land or land with housing structure(s) in a dilapidated, unsafe, unsightly, uninhabitable condition.

**Municipality** – The Township or Borough where you live.

Any questions regarding Pike County Solid Waste or Recycling should be addressed to the following:
