

National
Recovery Month

Prevention Works • Treatment is Effective • People Recover

september 2018

This establishment proudly supports the ***Pike County Opioid Task Force*** and their efforts to end addiction and overdose in our community. This September, to show our support during ***National Recovery Month***, we are happy to provide you with information and educational material regarding drug use and treatment options.

More than 50 Pike County Residents have lost their lives to overdose since 2014.

Recovery is Possible! It is time to end the stigma associated with addiction. We are here to help.

For information and referrals for treatment, please call

1-866-824-3578
