Shooting Range Regulations:

Ranges are open 8 am - sunset Monday through Saturday, and from noon to sunset Sundays.

A range can be reserved by an organized group from January 1 through October 1. Arrangements must be made with the PGC regional office at least 20 days in advance.

An individual or group using a range is responsible for keeping the area clean and free of debris. Users shall remove targets from backboards.

The Game Commission is not responsible for anyone injured on a range.

Individuals under the age of 16 may not use a range unless accompanied by a person 18 years of age or older.

PGC regional director may close a range by the posting of signs.

Please remember shooting ranges are offered by the Game Commission free of charge. Please use good shooting etiquette, wear proper safety equipment, and do not shoot the framework holding the backstop material. Keep the range clean by picking up your spent cases and remove your targets.

The shooting range on SGL 183 offers 11 benches with ranges of 25, 50, and 100 yards for your enjoyment. For more information, visit www.pgc.state.pa.us
