COMMONWEALTH OF PENNSYLVANIA

## ACT 2014-114

On July 9<sup>th</sup>, 2014 Governor Corbett signed into law Act 114 of 2014, the Sheriff and Deputy Sheriff Training Act. Effective on September 7<sup>th</sup>, 2014 this Act requires certification and re-certification for all of the Commonwealth's 67 sheriffs. Several key aspects:

Current sheriffs will receive Board certification without attending basic or waiver training. A separate letter and registration form will be sent to each sheriff with instructions on registration and receiving a Board certification card.

Sheriffs' elected, appointed, or employed after September 7<sup>th</sup> (in general) must obtain certification through basic or waiver training during their first term.

Once a sheriff is registered in the Sheriff and Deputy Sheriff Information System, they can enroll in training. Sheriffs will be notified by email when they have been registered and can begin the enrollment process. After September 7<sup>th</sup>, 2014, the Board can provide reimbursement for training for sheriffs attending continuing education and merit courses as it does with deputy sheriffs.

In line with current Board Policy, to remain certified, a sheriff must attend line officer, basic supervisory, or advanced supervisory continuing education every two years. That initial two years will start on September 7<sup>th</sup>, 2014. The Board may consider more specific sheriff training for future cycles.

Act 114 requires the Board to revoke deputy sheriff certifications for any Felony or Misdemeanor 1 & 2 convictions. Once the Board establishes policies and procedures for notification, appeal, and reinstatement, staff will begin to conduct criminal background checks on all current deputy sheriffs. The Board will also have to define revocations for "termination for cause", "physically or psychologically unfit for duty", and "misconduct". Sheriffs will be notified with the adoption of the new policies and the start of background checks.

In addition to background checks, training records, policies, procedures, and regulation changes, staff will also be working to change Board letterhead, logos, certificates, etc to reflect the new Board name.

**DATE:** April 18, 2008  
**SUBJECT:** Change to Fitness Testing Standards  
**TO:** All Sheriffs  
**FROM:**   
Donald Numer  
Deputy Sheriffs' Training Division

Effective with the Basic Training Academy class starting on April 21, 2008, the Deputy Sheriffs' Education and Training Board will no longer offer a make up Fitness Test four-months after the end of each academy class for those who have failed to meet the published fitness standards. Deputies will be expected to pass their fitness test during their current academy class.

As a reminder, each deputy will receive a diagnostic test early in their academy class. At approximately the nine-week point (and at the end of the fitness training), a for-record test is given. Those who fail to meet those standards are given a test at week thirteen. At week nineteen, a final for record fitness test is given to any remaining deputies who have not yet met the standards. Deputies who at this point still fail to meet those standards will be returned home un-certified.

The Board has recognized that the additional 4-month test is not benefiting deputies or their departments. Statistically, deputies who cannot meet the fitness standards at an academy where they are offered a structured program and a variety of fitness facilities, will not show improvement when left to improve those standards on their own. This also puts the sheriff's in a dilemma of maintaining a deputy in an unpaid status while awaiting the 4-month test.

In addition to a structured 9-week fitness program, the academy offers a variety of Penn State University fitness facilities as well as a membership to a local private gym. Staff is available to offer advice and assist in developing fitness programs to assist deputies in meeting the fitness standards.

## Change to Fitness Standards

However, deputies who arrive at the Basic Academy unprepared obviously have a tougher time meeting certification standards. As would be expected with a deputy who couldn't read or had never touched a weapon, deputies who are physically unprepared for the fitness program, will have a harder time meeting the academy standards. The Board strongly encourages sheriffs to consider using a fitness test (based on certification standards) as part of their employment process (hiring standards). This ensures a deputy is in a better position to meet the standards required for certification.

Deputies who have a valid medical excuse are not restricted from a retest beyond their academy class when their medical condition allows. However, they may not work as a deputy (after their year) until such time as they receive certification.

All new Deputy Sheriffs will be required to take the ENTIRE physical fitness test as mandated by Act 2 training requirements.

Not just the part that you failed! This test will be given three times prior to the academy. You must successfully pass the ENTIRE test at this time or your employment will be terminated. All Deputy's will be given the test requirements upon employment and will be given ample time to prepare.

By law you must pass and be certified within one year of hire.

The physical fitness test will consist of the following exercises:

- Vertical Jump
- One Minute Sit Up
- 300 Meter Run
- Maximum Push Up
- 1.5 Mile Run

The procedure and order for testing is as follows:

1. Warm up for 3 minutes; perform the Vertical Jump test and rest for 2 minutes.
2. Perform the One Minute Sit Up test and rest for 5 to 10 minutes.
3. Perform the 300 Meter Run, then rest for 5 to 10 minutes.

5. Do cardio-warm up for 2 to 3 minutes, then perform the 1.5 Mile Run and cardio-cool down for 5 minutes.

Students are required to pass all of the tests to pass the Physical Fitness course.

# Vertical Jump

## Procedures:

1. Subject stands under the Vertec and reaches as high as possible. (The Vertec is a device specifically made to accurately measure the vertical jump) The Vertec is adjusted so the bottom vane touches the subjects' fingertips. Agencies desiring to pretest do not need a Vertec. They can simply measure progress on a wall.
2. The subject jumps as high as possible and touches the highest vane possible to measure. The vanes are spaced  $\frac{1}{2}$  inch apart and rotate when touched. Prior to the jump, one foot must remain stationary on the floor.
3. Score is the total inches, to the nearest  $\frac{1}{2}$  inch.
4. The best of three trials is the score.

	Males	Females
< 20	20.0	14.0
20 – 29	20.0	14.0
30 – 39	18.6	12.0
40 – 49	15.5	9.6
50 – 59	13.5	-
60 +	-	-

# 1 Minute Sit Up

## Procedures:

1. The subject starts by lying on the back, knees bent, heels flat on the floor, with the hands with fingers laced behind the head. Avoid pulling on the head with the hands. The buttocks must remain on the floor with no thrusting of the hips.
2. A partner holds the feet down firmly.
3. The subject then performs as many correct sit-ups as possible in one minute.
4. In the up position, the individual should touch elbows to knees and then return until the shoulder blades touch the floor.
5. Score is total number on correct sit-ups. Any resting should be done in the up position.
6. Breathing should be as normal as possible; making sure the subject does not hold their breath.
7. Neck remains in the neutral position.
8. Do not pull on the head or neck.

2. Starting from the up position (elbows extended), the subject must keep the back straight at all times and lower the body to the floor until the chest touches the administrator's fist. Subject then returns to the up position. This is one repetition.
3. There is no time limit. Resting should be done only in the up position. Both hands must remain in contact with the floor at all times.
4. The total number of correct pushups is recorded as the score.

**NOTES:**

**PIKE COUNTY**  
**DRUG-FREE WORKPLACE**

**I. POLICY.**

It is the stated policy of Pike County to maintain a workforce that is free from drug, alcohol and other substance abuse. The use of illegal drugs and alcohol in the workplace seriously threatens the health, safety and welfare of all County employees and the general public. Drugs in the workplace also contribute to poor attendance, poor work performance and poor productivity.

In recognition of the dangers of drug use in the workplace, the unlawful manufacture, distribution, dispensation, possession, use, sale or transfer of drugs, alcohol or other controlled substance by any Pike County employee is prohibited in any County facility, on County property, in any County vehicle or while performing any duties on behalf of the County.

The illegal use of drugs off premises and off duty is also inconsistent with an employee's responsibilities to Pike County. Such use is prohibited by County employees to the extent that it results in the presence of drugs or their metabolites in the body of any employee while working, while on County premises, while in County vehicles or while on County business.

In some County Departments, drugs may be handled in the course of official duties relating to the search of offenders, visitors and County facilities. Such drugs and paraphernalia will be controlled and disposed of in accordance with established policies and procedures and applicable state laws.

It is a condition of employment with Pike County that all employees abide by the above prohibitions against the use of drugs. It is a further condition of employment that any employee convicted under a criminal drug statute must notify Pike County of the conviction no later than five (5) days after such conviction.

Pike County will take disciplinary action against any employee who violates this Policy, which may include termination of the employee, even for a first offense.

To maintain a drug-free workplace, employees are expected to remain free from the influence of illegal drugs and alcohol. Abstinence from illegal drug use and the ability to work free from the effects of alcohol are critical requirements of employment with Pike County.

The Pike County Commissioners will establish and implement drug and alcohol testing policies and procedures necessary to maintain a drug-free workplace. The Chief Clerk will be responsible for administering this program.

## II. PROCEDURES.

### A. Applicant Testing:

1. All job applicants who are considered for an offer of employment will be subject to a drug test by hair analysis as a condition of employment with Pike County. Thus, any job offer is automatically made contingent upon the applicant successfully passing the hair analysis drug test.
2. Any applicant who refuses to undergo a hair analysis drug test will be refused employment with Pike County. Any willful attempt to evade the drug test by shaving, cutting or altering the hair (head or body) in any way (unless hair loss is the result of a diagnosed medical condition) will be considered a refusal to test.
3. At the time of testing, the policy will be explained to the applicant. The applicant shall sign the "Statement of Drug-Free Workplace Policy" and the "Pike County Applicant Consent and Release From Liability" forms, sign and initial the appropriate chain of custody documentation, and provide a hair sample. The person who administers the test will witness the consent form and all chain of custody documentation as necessary.
4. In most cases, applicants will be notified of the results of the drug test within three (3) business days after receipt of the results by the County. If the results are negative, the applicant will be formally offered employment, provided that all other job requirements have been met. If the results are positive, and cannot be explained by legitimate prescription medication, the applicant will be denied employment.
5. If the results of the drug test are positive, the applicant may request a retest within three (3) days of receipt of the notice of the positive results, at the applicant's expense. If the results of the second test show no level of drug use, the applicant will be reimbursed for the cost of the retest and offered employment, provided that all other job requirements have been met.

### B. Privacy of Test Documents:

1. Results of the hair analysis drug test, and all documents pertaining to the test, shall remain confidential and shall remain confidential and shall not be released by Pike County, except to the applicant upon his or her written request. Only those individuals who are responsible for administering the drug test and for making the employment decision shall have access to these documents.

## III. EFFECTIVE DATE.

The effective date of this Drug-Free Workplace Policy shall be January 1, 2005. Further, this Policy shall supersede all prior drug policies for Pike County, including, but not limited to, any drug-free workplace provisions set forth in the Pike County Employment Policies and Practices Manual (the Pike County Employees' Manual).

**PIKE COUNTY APPLICANT CONSENT AND RELEASE FROM LIABILITY**

I further understand that Pike County is committed to a drug-free workplace and has adopted a drug testing program as one method of implementing that policy.

If the initial test results are positive and I choose to be retested, an opportunity for a retest will be available at my own expense, provided that I request a retest within three (3) days of receipt of the results. If the results from the retest indicate no level of drug use, I may then be offered employment, provided that all other job requirements have been met, and I will be reimbursed for the retest.
