

Tick-Borne Disease Wellness Center

Pike Family Health Center

750, Route 739 - Lords Valley, PA

Living with Lyme disease or another TBD?

Be seen by a “Lyme-literate” healthcare provider with extensive experience in both evidence based research and treatment modalities specific to TBD. You must be 18 years of age or older and established with a primary care provider.

We offer:

- Diagnostic testing and verification of TBD
- Evidence based treatment of TBD
- Advice for management of symptoms for previously diagnosed patients

About Our Provider

Harriet Loizeaux, MSN, FNP-C has treated numerous patients in various stages of TBD over her 26 year career as a Family Nurse Practitioner. She served as the Supervisor of Communicable Diseases for the New York State Department of Health where she received formal training specific to TBD. Her role included testing, diagnosing, reporting and follow up on diagnosed cases. She was also responsible for statistical trending in epidemiology.
