SMART Recovery is an abstinence-based, not-for-profit organization with a sensible self-help program for people having problems with drinking and using. It includes many ideas and techniques to help you change your life from one that is self-destructive and unhappy to one that is constructive and satisfying. SMART Recovery is not a spin-off of Alcoholics Anonymous. No one will label you an “alcoholic”, an “addict” or “diseased” nor “powerless”, and if you do not believe in a religion or spirituality, that’s fine, too. We teach common sense self-help procedures designed to empower you to abstain and to develop a more positive lifestyle. When you succeed at following our approach, you may graduate from the program, or you may stay around to help others.

The ReDCo Group, Inc. is a home, school, community, and site based service provider offering a variety of behavioral health and intellectual disability services to children, adolescents, and adults in central and eastern Pennsylvania. We offer an array of behavioral health services for persons with mental illness. Our developmental support services are provided and intended to support individuals with intellectual disabilities. All of our services are provided with compassion, respect, and our staff's awareness of every individual's privacy. Our behavioral health services are person centered and client driven treatment options.

OUTPATIENT COUNSELING

Through Outpatient Counseling, we service children, adolescents, and adults with a mental health illness in Carbon, Juniata, Monroe, Pike, Schuylkill, and Sullivan counties. We provide group, family, and individual counseling services, as well as medication management and supportive counseling. We do this by tailoring all treatment goals to the individual receiving services.

In group counseling, consumers are able to draw support from others in similar circumstances, while given the opportunity to both receive and provide feedback in the group. Family counseling is often indicated when a child is the identified consumer. Individual counseling, or psychotherapy, is used to promote individual growth.

CARBON-MONROE-PIKE MENTAL HEALTH AND DEVELOPMENTAL SERVICES

Carbon, Monroe, and Pike counties operate a mental health and developmental services program with offices in each county. If you have a need for such services, or know someone who does, you may contact us by email, telephone, or by visiting one of our offices.

Vision Statement

Promote an environment where all community members receive the supports they need to be self-sufficient and to maintain quality of life in a community that fosters acceptance and embraces recovery.

Mission Statement

Facilitate access to quality behavioral health and developmental services that empower individuals and families on their journey toward independence and wellness.

Medically Assisted Treatment of Opioid Addiction

In the treatment for alcohol and drug dependence, the goal of cognitive behavioral therapy is to teach the person to recognize situations in which they are most likely to drink or use drugs, avoid these circumstances if possible, and cope with other problems and behaviors which may lead to their substance abuse.

At Accessible Recovery Services, we suggest individual and/or group cognitive-behavioral therapy to maximize the opportunity for successful recovery. Referral information is included in each patient's welcome packet.

Our Mission: To enable each person who has Serious Mental Illness, Dual Diagnosis Substance Use Disorder or I/DD and Behavioral Health conditions to live a life that is meaningful to the individual in the community on terms they define for themselves.

You are a person who when provided with a member-centered treatment and recovery plan, can achieve your life worth living.

Project Transition utilizes a psychiatric rehabilitation model, employing a "hands-on" approach to building coping skills, whether it is through the classic "Traditional Program" (Residential Mental Health services) or Systems of Supports (SOS) Services.

We offer **Residential Mental Health services** in **Pennsylvania** and **Tennessee**

Option 1: government sponsored medical assistance

There are a number of available programs from the Federal, State and Local levels such as medical assistance which can help pay the medical bills of people who have low income and cannot afford medical care. Often, patients are unaware of these programs or are unable to access them due to the cumbersome enrollment process required to receive these benefits. For your convenience, Financial Counselors can help you apply for Medical Assistance to determine if you qualify.

Option 2: charity care/financial assistance

Main Line Health offers charity care/financial assistance in accordance with our policy for those who do not qualify for medical assistance based on a patient's annual income and a patient's household size. For patients with incomes of 300 percent or less of the Federal Poverty Guidelines, 100 percent Charity Care is offered. For patients with income between 300 percent and 500 percent of the Federal Poverty Guidelines significant charity discounts are offered. Main Line Health Financial Counselors can assist you with the Charity Care/Financial Assistance application to fulfill your financial obligation.

Since the passage of the Affordable Care Act, addiction is now treated like any other medical condition and insurance will usually pay for part or even all of treatment, depending on the policy. People can always check to see if their insurance coverage will help get them into drug or alcohol rehab. It's usually good news for people who might not have been able to pay for rehab otherwise.

Insurance:

- County funding—each county in Pennsylvania has a drug and alcohol office, which not only provides assessment services but also, provides funding to those who qualify.
- Healthchoices/Managed Care Organizations (MCO) — counties in Pennsylvania administer their Medical Assistance (MA) funding through HealthChoices Organizations. If you are member of a HealthChoices provider, you will have a card that looks much like a medical insurance card. On your card, you will find a phone number to call for services/funding information.
- Private insurance—many private health insurance policies cover substance abuse treatment. Typically, a company will contract with specific treatment providers although occasionally they will authorize payment to out of network facilities. Your insurance card will have a number to call for information.

Mission Statement: Rebuilding lives shattered by drugs and alcohol

Description: The Hoving Home is a 24-hour residential spiritually based program, is a non-profit organization serving women ages 17 and over who have been involved in drug addiction, alcoholism, prostitution and other life-controlling problems. The home offers a 6 and a 12 month inpatient program geared to rebuilding broken lives in an atmosphere of warmth, trust, support and love.

B.E.S.T. Inc.

Building & Embracing Sobriety Together Drug & Alcohol Treatment Services

Treatment for a drug and alcohol problem usually begins with an addiction assessment. The purpose of the assessment is to determine if an addiction is present, the extent of the addiction, if there is co-occurring conditions, and to assist in the development of a treatment plan.

Treatment & Assessment

B.E.S.T. Inc. in Stroudsburg, Nazareth and Milford, Pennsylvania, provides treatment services and assessments to individuals with legal issues, such as children and youth services, DUI, probation, and parole, and all college students.

We assess individuals who are incarcerated at the Monroe County Correctional Facility as well. B.E.S.T. Inc. specializes in LGBTQ services and makes referrals to other treatment modalities when appropriate. Dr. Craig Haytmanek offers medication-assisted treatment (MAT) with Vivitrol and Suboxone, and B.E.S.T. will provide the counselling.

Types of therapy include Cognitive Behavioral Therapy, Person-Centered Therapy, Psychoeducation, Skills Development

Dual Diagnosis Counseling

B.E.S.T. Inc. now offers counseling for a range of dual diagnosis issues, including anxiety, depression, and bipolar disorder. Medical assistance is provided when coordinated with a patient's medical provider.

We accept all major insurances, Medicare/Medicaid, and more to come.

Mission Statement:

Pike County Hands of Hope is a Christ Centered Organization dedicated to providing compassion and hope to the homeless and near homeless families and individuals by meeting their basic and urgent needs of food, clothing, and shelter.

Services Include:

- Hope Line
- Resource and Referrals
- Emergency Temporary Housing
 - Spiritual Assistance
 - Food Pantry

Family Promise

Our Mission: Family Promise provides safe shelter, meals, and support services for homeless families with children in Pike and Monroe County through a collaborative network of local organizations.

What is Family Promise?

Family Promise is committed to helping at-risk and homeless children and their families in Pike County. Family Promise offers case managed emergency shelter, meals, and support services, helping families moving from shelter to independent housing within 70 days. Case managers help with the services a family might need, such as: housing, employment, job training, financial literacy and connecting to services. In addition, Family Promise offers housing assistance programs including rent and utility assistance to prevent the onset of homelessness.

Everyone deserves a home!

SHARE is an affordable housing choice that brings together homeowners who want to share their home with home seekers who are looking for housing in exchange for rent, help around the house, or a combination of both. The home seeker receives their own bedroom and agreed upon use of the common areas. Every arrangement is unique depending on the needs, preferences, and abilities of the participants involved.

Anyone over 18 is eligible for this program. Homes must be located in Monroe, Pike or Wayne Counties. Each home must have a designated bedroom for the Sharer.

VETERANS SERVICES

Commission on Economic Opportunity (CEO) Supportive Services for Veteran Families Program (SSVF):

SSVF goal is to help end veteran homelessness by providing case management and supportive services to low income veterans and their families. SSVF prioritizes the delivery of rapid re-housing services to homeless Veteran households. During this time of COVID-19 SSVF has expanded program eligibility requirements for homeless prevention assistance in order to assist Veterans who are facing financial hardship. CEO'S SSVF Program can assist Veterans in the 15 counties of Northeast Pa.
